

## The American Standard Difference

For 140 years, American Standard has created innovations that have set and reset the standard for healthy living, living beautifully and living responsibly at home, at work and around the world. Driven by a passion to improve lives, American Standard has become a leader in bathroom and kitchen solutions.

From homeowners like you to professional plumbers, architects and builders, the American Standard name has become synonymous with exceptional value, quality and reliability. As part of the American Standard family of companies, we at Safety Tubs stand behind our products and our work, which includes complete in-home installation by our certified specialists.

We want to improve your home's safety and accessibility, and we genuinely want you to love your bathroom.

## The Dangers in Your Bathroom

- Every 2.3 seconds, a person 65 or older will suffer a fall.
- 1 in 3 adults 65 and older will fall this year.
- 70% of all home accidents occur in the bathroom.
- Stepping into a conventional bathtub can be difficult - or impossible - for aging adults or those with limited mobility.
- Grab bars and non-slip mats can help but only address some stability issues.

# The Feeling of Independence is Yours

Introducing an innovative walk-in bathtub, from a leader in bathroom safety.

*American Standard*  
Walk-In Tubs

## The Ultimate Bathing Experience

### Patented Door System

Liberation by American Standard™ offers a lifetime guarantee on our leak-free, patented door system seal, so you can enjoy a stress-free, spa-like experience at home with each therapeutic bath.

### Quick Drain®

With the touch of a button, your Liberation walk-in bathtub will drain in less than 2 minutes thanks to our patent-pending Quick Drain® system - because every moment counts.

## RevitaJet™ Whole Body Hydrotherapy System

Liberation by American Standard features the exclusive RevitaJet™ System, with more hydrotherapy jets than most other walk-in bathtubs.

The warm, bubbling bath is perfect for promoting improved circulation and helping relieve aching joints and muscles. You can choose between our targeted RevitaJet™ Whole Body Hydrotherapy settings:

- Deluxe Upper Body Massage
- Ultimate Leg Therapy
- Ultra Foot Massage

## Safety, Comfort and Convenience

### Safety Features

Designed with your safety in mind. A built-in grab bar, low threshold, textured floor surface and chair-level seat all help reduce the chance of falling as you bathe.

### Acrylic Construction

Germ and stain resistant surfaces, better heat retaining properties and durability are just a few of the many benefits of acrylic. Proudly manufactured in the USA.

### Solid Steel Frame

Our premium quality walk-in bathtub has a sturdy, solid steel frame designed to support years of therapeutic bathing in your home.

### Chromatherapy

Chromatherapy has been shown to positively impact a person's sense of well-being. This system uses LED lights under the water's surface that illuminate your bathtub in richly colored tones.

### Aromatherapy

Infuse your warm, massaging bathwater with a calming or invigorating scent for a thoroughly enjoyable in-home bathing experience.

### American Standard Faucet

The Liberation walk-in bathtub features a premium solid brass chrome faucet, with ceramic disc valves, stylish yet functional knobs and a hand shower that is beautiful and easy to handle.
